

BurnHelp

Burn Help is a Burn jobs assignment system. Different hospitals usually share burn experts any time a Burn patient comes to a hospital or to an ambulance, a triage nurse would take pictures of the patient and send to burn specialist available. Some times this process takes time to locate a burn specialist and then interim treatment is required till the specialist arrives.

BurnHelp specifics:

- Native iOS 6+ app for iPhones
- Native Android app for OS year 2.3+
- Web end portal
- Fully HIPAA compliant
- Push notifications
- Secure management of PHI at Mobile, Web and in transit state
- Used in emergency treatment flows at Burn Centers
- IOS image capture integration and synchronization.
