

# .NET Development Outsourcing

Technosoft is an offshore software development company with stringent quality control and a proven software development delivery system. We are an ISO 9001:2008 certified, SEI (Software Engineering University of the Carnegie Mellon University) partner, CMMI Level 2 appraised company, and IBM Advance Business Partner.

We have extensive experience in .net technologies. We have delivered many VB.net, C#, ASP.net, Share Point, and Biz Talk projects successfully. Our Microsoft tent consists of Microsoft Certified Solution Developers (MCSD) and Microsoft Certified Professionals (MCP).

## .Net Development Skills

- ASP.NET, AJAX, ASP.NET MVC
- ASP.NET Dynamic Data
- Reporting Solutions
- SQL Server Reporting Services
- Office Add-ins, Office Active documents
- Workflow solutions (WWF)
